Company:
Parekh Optometry

Position:
Web Developer/Programmer

I am looking for a creative individual to help create a website that allows Optometrists, Ophthalmologists and Family Doctors to interact. I would need the website to allow the three Professions to create medical cases and share it with each other.

Requirements:

- Web Development Experience
- Experience with Social Media sites
  - Creating Profiles
  - Creating Discussion Forums
  - Creating efficient sharing capabilities
- Marketing Experience

Compensation:

This is a salary based position which will be discussed with the successful candidate

Location:

Work from home

Contact Information:

Please send Resume and Cover Letters to drsparekhcorp@gmail.com
