NASA Internship Project
Virginia Tech

A potential NASA internship project is in need of 2-4 undergraduate junior or senior students to work on a paid project for 16 weeks with up to 20 hours per week starting as soon as possible. Students are expected to have a solid knowledge of working with Google Forms, embedding the Google Search API, and working with data stored on a Google Drive. They need to be responsible, dependable, and independent.

If interested, please contact Dr. Ivica Ico Bukvic as soon as possible and include your Resume/CV. Should you happen to have any questions or concerns, please do not hesitate to contact me.
