Clearance None

#### Job Description

##### FULCRUM IT JOB DESCRIPTION

Position Title: Junior Developer

FLSA Status: Full-time, Salary, Exempt

Clearance: NAC only

Location: Manassas, VA

Manager: Program Manager

Date Created: 26 Apr 2011

Summary: We are seeking applicants with entry level software development skills to augment our current staff supporting the Department of Education., Working as part of a top-notch software development team, the candidate for this entry level position will augment our current staff and be involved in all aspects of the software development lifecycle extending and integrating e-learning and collaboration software. The candidate must be solutions oriented, enjoy working with new technology, be a self-motivated learner, and pay meticulous attention to detail. Applicants should have strong technical and communications skills and enjoy both programming and working with clients.

#### Duties & Responsibilities:

1. Develop software using modern software development tools and techniques such as Object-Oriented Programming, Design Patterns, Dependency Injection, Inversion of Control, Test Driven Development, Unit Testing, Automated Testing and Continuous Integration.
2. Work as part of a team on requirements analysis, researching and introducing new technologies, system architecture, and software development.
3. Perform a variety of complicated tasks with enthusiasm and creativity.
4. Help with system testing and documentation.
5. Coding will be primarily in C#, JavaScript and ASP.NET.
6. Other duties may be assigned, as necessary.

#### Minimum Requirements:

- Education: Bachelor's degree in Computer Science or related discipline
- Experience: Experience in web and desktop software development activities, such as system and interface design, databases, business logic, and user interface development.
- Certificates: None
- Clearance: Ability to pass a NAC

- US Passport: Not required

Desired or Preferred Knowledge, Skills & Abilities:

- Familiarity with the development of complex software systems such as portals and data-intensive Websites.
- Strong technical and communications skills.
- Self-motivated learner.
- Excellent attention to detail.
