

Modea

Modea is a young but growing digital agency. Just check INC Magazine's list of the fastest growing privately owned companies (we're on it) and Ad Age's Small Agency Awards (we're the agency of the year for Best Culture). And that growth hasn't happened by accident. It's the result of attracting and employing some of the industry's most talented writers, developers, designers and thinkers. And we're looking for a Part Time IT Assistant to join our team.

Do your friends constantly ask you for computer help? Does your thirst for learning have you involved in multiple personal projects, even after you complete your homework? This is an entry-level position for candidates seeking comprehensive IT experience in a fast-growing technology-driven advertising agency.
