

Students Wanted: Software Developers

Software Technologies Laboratory is looking for highly qualified **VT students** to fill several open part-time positions. You must be a **US Citizen** and have at least a **2.5 QCA**. **As a minimum**, we expect you to be able to work **12 to 18 hours per week** for **both fall and spring semesters** of the 2011/2012 school year **and 20-40 hours/week the summer of 2012**. Seniors graduating in Dec 2011 or May 2012 **need not apply**.

Candidates are expected to have a good work ethic and be open to learn new technologies and techniques. The selected candidates will work on a software development team implementing customized web and PC-based software. Candidates must be familiar with high-level programming languages.

Preference may be given to candidates with expertise in:

- PHP, JavaScript, and/or C++ programming languages
- SQL, MySQL, Oracle and/or Access
- Designing, implementing and/or using databases

Starting wages generally range from \$10.00 to \$12.00 per hour, depending on experience and qualifications. **Candidates must be US citizens**. Submit resume and state your citizenship in an email to STL by **September 1st**. Email: stl@stl.vt.edu.

Virginia Tech has a strong commitment to the principles of diversity, and, in that spirit, seeks a broad spectrum of candidates including women, minorities, and people with disabilities.
