Part-Time Computer Science Teacher
Blacksburg New School Blacksburg, VA

About Our School
The Blacksburg New School is an accredited independent K-8 school, providing an individualized, rigorous and creative curriculum with a commitment to small class size. We are committed to academic and civic excellence, to individual and community responsibility, and to the love of learning.

Position Overview
We are seeking a part-time Computer Science teacher for the 2016-2017 school year. The teacher will develop and implement the Computer Science curriculum for the school. Computer Science instruction begins at the third-grade level with one weekly 30-minute lesson, 60-minute lessons for fourth graders, and two 45-minute lessons for fifth through eighth grades each week. Additionally the teacher will lead two 45-minutes/week Computer Science elective classes for middle school students. Blacksburg New School provides a small classroom setting where the establishment of a positive learning environment and ample individual attention to students will be expected.

Minimum Qualifications

• Bachelor’s degree in related field or relevant experience
• Experience teaching children
• Excellent classroom management skills
• Passion and enthusiasm for Computer Science education

Hours and Compensation
This is an 18-hour/week position, including 12 instructional hours, 4.25 hours for planning and prep, as well as teacher meetings. On-campus classroom hours will be determined between the successful candidate and the school. Compensation is $16.63/hour.

For More Information and To Apply
For more information about the Blacksburg New School visit www.blacksburgnewschool.org. Interested applicants should forward letter of interest and resume to hiring@new-school.org. Review of applicants will begin March 28th. The Blacksburg New School is an equal opportunity employer.
