Career Opportunities for Recent Graduates – Junior Software Developers, Technical Analysts, and Data Scientists

Do you thrive in fast-paced technical environments and have a strong attention to detail? Are you eager to have a career where you are encouraged to meet your potential and have the opportunity to work for a prestigious company with an impressive global presence?

FDM is currently seeking a number of ambitious and driven candidates with the aptitude for IT to work in as FDM Consultants in the Washington DC area for one of our clients, a leading financial services organization in Virginia.

FDM is a global IT and business services provider with a dedication to technical excellence and professional development. Prior to working with our client, successful candidates receive intense training in Washington D.C. through our award-winning Academy. Our program helps build the required skills needed to launch your career as a successful Data Scientist. The 12-week training will take place in DC. The Data Scientist stream will contain training in UNIX, SQL, Java, Hadoop, Python and R and is specially tailored to develop your proficiency in modeling, metadata practice and big data. The Development stream will contain training in UNIX, SQL, Java, ITIL, Networking and Security, VMware and Puppet and is specially tailored to develop your proficiency in software-defined infrastructure.

After your training, you will be employed by FDM for a minimum of two years and will become responsible for representing the organization on site with our client. As an FDM Consultant, you enter the industry at a high level, already trained to our clients’ specific systems and technologies.

Fast-track career progression is a key focus of FDM, and our program will put you on a pathway that could lead into leadership roles working within multinational organizations.

Essential Criteria:
4 year degree (preferably in Computer Science, IT, Engineering, Mathematics, or similar)
A strong aptitude in IT and the interest and drive to expand your IT skill set
Basic knowledge of computer hardware and software
Excellent communication and interpersonal skills
A problem solver with a keen eye for detail
A desire to work at a large financial firm and ability to increase your financial knowledge
Able to engage yourself in a project and enjoy the challenges and processes involved
Flexible, eager, ambitious, and adaptable to change
Able to commit to work for FDM for a minimum of two years
Eligible to work in the US
Available during the full duration of the training (12 weeks) in Washington D.C.

Suitable candidates are encouraged to apply immediately at: http://www.fdmgroup.com/us/apply/?stream=IT%20training%20-%20DC

Visit our website to hear from our Consultants about their experiences. There is no better way to launch your IT career than with FDM!
